Resolution determining and declaring that the public interest and necessity demand improving the safety and quality of neighborhood parks and waterfront open spaces across the City, enhancing water quality and cleaning up environmental contamination along the Bay, replacing unsafe playgrounds, fixing restrooms, improving access for the disabled, and ensuring the seismic safety of park and recreation facilities under the jurisdiction of, or maintained by, the Recreation and Park Commission or the jurisdiction of the Port Commission or any other projects, sites or properties otherwise specified in the ordinance submitting this proposal to the voters, and the payment of related costs necessary or convenient for the foregoing purposes; finding that the estimated cost of $195,000,000 for such improvements is and will be too great to be paid out of the ordinary annual income and revenue of the City and County and will require incurring bonded indebtedness; making environmental findings and findings of consistency with the General Plan; providing for the City to declare its official intent to reimburse prior expenditures; and waiving the time limits set forth in Administrative Code Section 2.34.

WHEREAS, City and County of San Francisco (the "City") staff has identified several park, open space, and recreation improvement projects to address public safety hazards, improve disabled access, improve water quality in the Bay and enhance the condition of neighborhood and waterfront park and open space facilities and lands, and other issues facing the City's park system; and

WHEREAS, City staff has identified a capital improvement need totaling $195,000,000 in projects relating to improving the safety and quality of neighborhood parks
and waterfront open spaces across the City, enhancing water quality and cleaning up environmental contamination along the Bay, replacing unsafe playgrounds, fixing restrooms, improving access for the disabled, and ensuring the seismic safety of park and recreation facilities under the jurisdiction of, or maintained by, the Recreation and Park Commission or the jurisdiction of the Port Commission or any other projects, sites or properties otherwise specified in the ordinance submitting this proposal to the voters (collectively the "Project"); and

WHEREAS, The San Francisco Clean and Safe Neighborhood Parks Bond (the "Bond") is recommended by the City's 10-year capital plan, which is approved each year by the Mayor of the City and the Board of Supervisors of the City (the "Board"); and

WHEREAS, This Board recognizes the need to identify funding to better address the waterfront open spaces and recreation needs of the City's residents including access for the disabled, environmental deterioration along the Bay, as well as to provide for the safety of the City's residents and avoid a complete reconstruction of deteriorating park, recreation and open space assets at a significantly larger cost in the future; now, therefore, be it

RESOLVED, By the Board:

Section 1. The Board determines and declares that the public interest and necessity demand improving the safety and quality of neighborhood parks and waterfront open spaces across the City, enhancing water quality and cleaning up environmental contamination along the Bay, replacing unsafe playgrounds, fixing restrooms, improving access for the disabled, and ensuring the seismic safety of park and recreation facilities under the jurisdiction of, or maintained by, the Recreation and Park Commission or the jurisdiction of the Port Commission or any other projects, sites or properties otherwise specified in the ordinance.
submitting this proposal to the voters, and the payment of related costs necessary or
convenient for the foregoing purposes.

Section 2. The estimated cost of $195,000,000 of the Bond is and will be too great to
be paid out of the ordinary annual income and revenue of the City, will require an
expenditure greater than the amount allowed by the annual tax levy, and will require the
incurrence of bonded indebtedness in an amount not to exceed $195,000,000.

Section 3. The Board, having reviewed the proposed legislation, finds, affirms and
declares (i) that in regard to the Joe DiMaggio Playground (as defined in Section 3A.7. of
the ordinance submitting this proposal to the voters), the Board of Supervisors, in Motion
No. 11-91, affirmed certification of the North Beach Public Library and Joe DiMaggio
Playground Master Plan Project Final Environmental Impact Report (State Clearinghouse
Number 2009042130) and, in Ordinance No. 102-11, adopted findings under the California
Environmental Quality Act (CEQA) related to approvals in furtherance of the
abovementioned Master Plan, and copies of such actions are in Clerk of the Board of
Supervisors File Nos. 110615 and 110312, respectively, and incorporated by reference; (ii)
that the other Identified Projects (as defined in Section 3A of the ordinance submitting this
proposal to the voters) are categorically exempt from CEQA as described in the memoranda
dated April 30, 2012 and May 14, 2012 from the Planning Department, (iii) that the
remainder of the proposed Project is excluded from CEQA because the program is not
defined as a "project" under CEQA Guidelines section 15378(b)(4), but is the creation of a
government funding mechanism that does not involve any commitment to any specific
project, (iv) that the proposed Project is in conformity with the priority policies of Section
101.1(b) of the City Planning Code and, (v) in accordance with Section 2A.53(f) of the City
Administrative Code, that the proposed Project is consistent with the City's General Plan,
and hereby adopts the findings of the City Planning Department, as set forth in the General
Plan Referral Reports, dated May 31, 2012 and June 20, 2012, and incorporates said
findings by reference.

Section 4. The time limit for approval of this resolution specified in Section 2.34 of
the San Francisco Administrative Code is waived.

Section 5. Under Section 2.40 of the San Francisco Administrative Code, the
ordinance submitting this proposal to the voters shall contain a provision authorizing
landlords to pass-through fifty percent (50%) of the resulting property tax increases to
residential tenants in accordance with Chapter 37 of the San Francisco Administrative Code.

Section 6. The City hereby declares its official intent to reimburse prior expenditures
of the City incurred or expected to be incurred prior to the issuance and sale of any series of
bonds in connection with the Project (collectively, the "Future Bonds"). The Board hereby
declares the City's intent to reimburse the City with the proceeds of the Future Bonds for the
expenditures with respect to the Project (the "Expenditures" and each, an "Expenditure")
made on and after that date that is no more than 60 days prior to adoption of this
Resolution. The City reasonably expects on the date hereof that it will reimburse the
Expenditures with the proceeds of the Future Bonds.

Each Expenditure was and will be either (a) of a type properly chargeable to a
capital account under general federal income tax principles (determined in each case as of
the date of the Expenditure), (b) a cost of issuance with respect to the Future Bonds, (c) a
nonrecurring item that is not customarily payable from current revenues, or (d) a grant to a
party that is not related to or an agent of the City so long as such grant does not impose any
obligation or condition (directly or indirectly) to repay any amount to or for the benefit of the
City. The maximum aggregate principal amount of the Future Bonds expected to be issued
for the Project is $195,000,000. The City shall make a reimbursement allocation, which is a
written allocation by the City that evidences the City's use of proceeds of the applicable
series of Future Bonds to reimburse an Expenditure, no later than 18 months after the later
of the date on which the Expenditure is paid or the Project is placed in service or
abandoned, but in no event more than three years after the date on which the Expenditure is
paid. The City recognizes that exceptions are available for certain "preliminary
expenditures," costs of issuance, certain de minimis amounts, expenditures by "small
issuers" (based on the year of issuance and not the year of expenditure) and expenditures
for construction projects of at least 5 years.

Section 7. Documents referenced in this resolution are on file with the Clerk of the
Board of Supervisors in File No. 120531, which is hereby declared to be a part of this
resolution as if set forth fully herein.
