NOVEMBER 2017

# McLAREN PARK GOALS

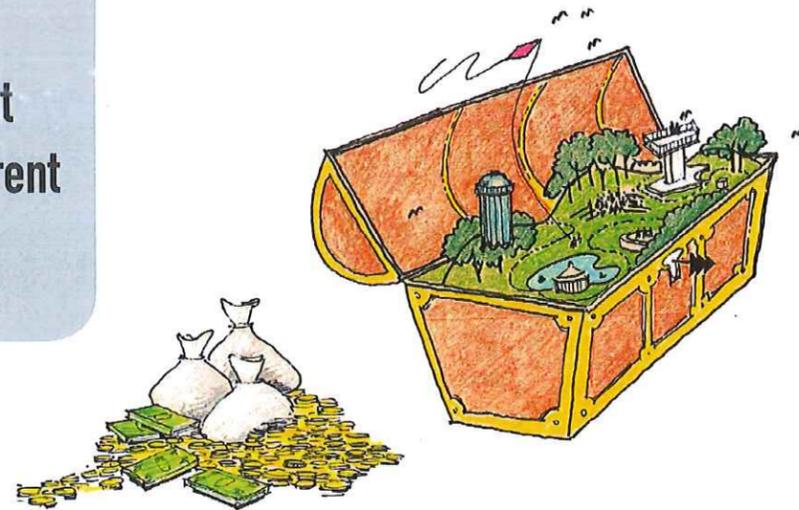

## TREASURE HUNT & FUN DAY

Over **250** visitors joined from **22** different neighborhoods

With your help, we found that McLaren Park is a place for **recreation, fun, & wildlife** that needs improvements for current and future visitors

Over **150** people attended...  
Here are a few comments we heard about the park's identity:

- a valuable natural resource for the city
- art or special nooks make it magical
- I love the secret paths of the park!
- unique wild escape from the city
- Keep it wild, but SAFE!
- Wild!

## COMMUNITY MEETING

83% of participants preferred McLaren Park to be the same or more wild    56% of participants preferred the park to be split between neighborhood & city uses

Participants voted on their top three identities for McLaren Park...

**24%**  
immersive wild  
(natural landscape)

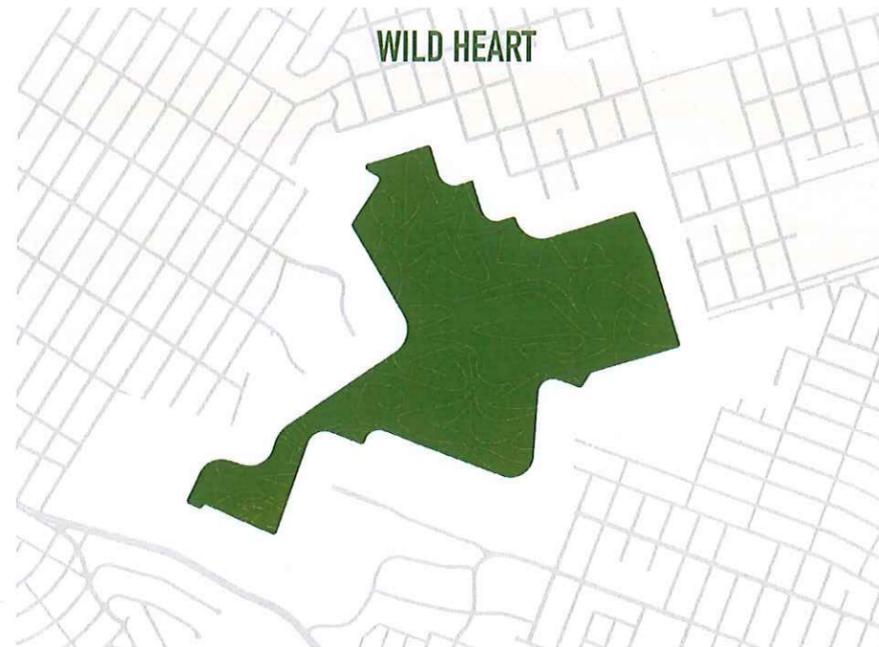

**19%**  
panoramic views

**19%**  
diverse play

My favorite parts of the plan include:

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

My additional comments are:

Continue to keep the trail network so that it is usable to bikes and pedestrians. 5' is not necessary for bikes and 4' should be fine which would open up more of the park.

~~\_\_\_\_\_~~ ~~\_\_\_\_\_~~

My favorite parts of the plan include:

1. Amphitheater Improvements (#1)
2. Amphitheater Improvements (#3) Modified to include
3. Amph If improvement #2 is needed it could be a lower priority Shade, Storage & Security

My additional comments are:

The garden in his valley is important to finish - if some money can be found to finish it - I would support that.

My additional comments are:

- ➔ Please make sure we get the curb ramps for Shelley Drive.
  - ➔ \$ for trash plan,
- \$200k = 4 ramps

My favorite parts of the plan include:

1. Jerry Garcia Amp. Theatre, esp. improvement #1
2. John F Shelley Group Picnic Area, embankment slide s/b as long as possible.
3. Crosswalks & speed tables

My additional comments are:

- Re Philosopher's Way - I would prefer that the trails ~~at the~~ ~~remain~~ remain as narrow trails. The Philosopher's Way trails are my favorite part of McLaren Park. When I encounter bikes, I just stop aside and let them pass. Keep horse's of the Philosopher's Way.
- Spend some of the Natural Area's money to add trash cans so the natural areas can be kept cleaner.

Mostly, I feel we should save money, leave the parks as  
"sterile & unimproved" as possible, while having it  
accessible & used. I don't like manicured, unnecessary  
glitz like a fancy welcome sign, etc. The basics are

My additional comments are: Not at all interested in  
segregating or barricading the Amphitheater or  
using it for any profit-making or fundraising  
event. It is part of a public park & should remain  
accessible & open to all passers-by <sup>at all times</sup>. If the plan is  
going to do any of this segregation, it should be the  
very last \$ spent. Don't privatize any more of rec & pks. Also,  
leveling the hills is inessential & should be

My additional comments are: I think you should put flyers out with the Sunnydale/brick homes/little Village go door to door have people go into the neighborhood to inform people about events.

My favorite parts of the plan include:

1. COMMUNITY GARDEN
2. BIKE PARK
3. TRAIL / INTER CONNECTIVITY THROUGHOUT THE PARK

My additional comments are:

This is my 1st time participating in these workshops. What an eye opener! I came here to hear more about the bike park, but I ended up being an advocate for the community garden. We need that garden. We need a place to connect with our neighbors.

Louis Sutter

My favorite parts of the plan include:

1. From Legend #12 improved planting around the lake is great. I would also love to see better lighting + ongoing maintenance of dirty water
- 2.
- 3.

My additional comments are: #15 - MUST reinvent this boring play structure my 9yr old + 3yr old are not fans + neither am I.

This is John McLaren's crown jewel so long as we can make it sparkle.

#14 the structure has to be used w/ more frequency. PLEASE don't wait for community to look for you to partner w/ + make <sup>better</sup> use of it! Reach out! form a ~~committee~~ committee to find partners to bring some fun educational programs! we are ~~start~~

My favorite parts of the plan include:

1. Completing all infrastructures for McLaren comm. garden
2. Biking area for Sunnydale Ave.
3. Roller blade / Tai chi plaza multi-centers

My additional comments are: Please think of the children & seniors who look for an outside source of recreation and relaxation in our community gardens within our Vis Valley community. I love the idea of the enclosed BMX bike!

1. The improvement of state facilities
2. \_\_\_\_\_
3. \_\_\_\_\_

My additional comments are:

Ensure that user goals - challenge, engagement with nature, etc. is maintained. Trails are narrow, etc.

My favorite parts of the plan include:

1. Natural Play area / playground
2. Improving trails + gateways
3. \_\_\_\_\_

My additional comments are:

Need more equal dist. of \$\$ between neighborhood access points + amenities. Be mindful of new diff communities enter + encourage more connectivity from neighbors who underutilize park b/c of barriers (physical + cultural)

I'm concerned about losing of trail access to the core of the park. Our vision of "wild" includes people, the mature trees that are there now, and not using herbicides to mitigate invasives.

My favorite parts of the plan include:

1. Integration with Yosemite Break Day lighting
2. Group Picnic play area plans
3. General: RPD's responsiveness to public input

My additional comments are:

I'd like to prioritize more money to the valley side, including expedited money to complete the community garden now. I recommend using \$100,000 from the reserve fund of \$600,000, and \$100,000 from Amphitheater area 3. I also support cancelling Amphitheater area 2.

My favorite parts of the plan include:

1. Bathroom at group picnic area
2. Playground at group picnic area
3. Signage and Garbage remediation
4. Roadway improvements - maybe even some stop signs at busy crosswalks on Shelley?

My additional comments are:

I would like to see more elements for imaginative play at the Group picnic playground site. Specifically, it would be nice if there were some sort of wooden "structure" with 2 walls (or 3) and a roof for kids to play inside. The current plan feels very sterile and geared toward gross motor play. "Bark" houses(s) could be a nice addition for kids looking to have more imaginative "family" play.

Please let me know how I can help — call supervisors, etc!

My favorite parts of the plan include:

1. diverting \$ to Herz community garden site asap

not an endorsement!

As a member of the McLaren Park Community, I support the McLaren Vision Plan and its priorities including:

- Maintaining McLaren Park's natural landscape.
- Enhancing community access and safety into and through McLaren Park.
- Improving McLaren Park's important points of interest.
- Creating diverse opportunities for play.

As a member of the McLaren Park Community, I <sup>do NOT</sup> support the McLaren Vision Plan and its priorities including:

- Maintaining McLaren Park's natural landscape.
- Enhancing community access and safety into and through McLaren Park.
- Improving McLaren Park's important points of interest.
- Creating diverse opportunities for play.

My favorite parts of the plan include:

1. improved signage, & flow <sup>mainly</sup> on trails & paths
2. please find ways to protect habitat areas
3. into trail-side fencing

My additional comments are:

Please maintain & keep more of McLane's unique single-track trails along Philosopher's Way, while improving habitat & interpretive signage near trail entrances!

My favorite parts of the plan include:

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

My additional comments are:

People need natural areas to explore, find adventure & learn. Much of this plan is too developed (signs on a trail so you don't get lost?? - this isn't Alaska) & too controlled, leaving little opportunity for people of all ages (including children) to find adventure in nature.

- Wilde Overlook Tower  
please have ~~towers~~ towers  
or climbing

- Please keep all existing trails

As a member of the McLaren Park Community, I support the McLaren Vision Plan and its priorities including:

- Keep sand on playgrounds
- Maintaining McLaren Park's natural landscape.
- Enhancing community access and safety into and through McLaren Park.
- Improving McLaren Park's important points of interest.
- Creating diverse opportunities for play.
- Please add interest to group picnic playground  
with music structure (like drums at Candlestick Park)  
& enough climbing for older kids

- Maintaining McLaren Park's natural landscape.
- Enhancing community access and safety into and through McLaren Park.
- Improving McLaren Park's important points of interest.
- Creating diverse opportunities for play.

My favorite parts of the plan include:

1. Multifunction courts (flexible)
2. Greenhouse in Visitation Valley garden
3. crosswalks

My additional comments are:

- Please keep sand

My favorite parts of the plan include:

1. Amp improvements
2. Paths resurfacing (not dirt trails)
3. Large Picnic Area improvements

My additional comments are:

- \* Keep horses off Philosopher's Way!
- \* Keep trails single/double wide - that maintains the intimate character and the feeling of being immersed in nature
- \* take some of trails \$ - give to Visitation V. projects  
2 million

My favorite parts of the plan include:

1. Connection loop trail
2. Visitation Valley Community Garden Development
3. Multiple "gates" of access development.

My additional comments are:

I think funds for Garcia Amphitheater should go to Vis valley community garden and gateways improvement in Vis to the McLaren.

My favorite parts of the plan include:

1. That I can have <sup>\*</sup>paved paths to push my grandson in stroller
2. but also have small dirt trails where I ~~can~~ go by myself every day
3. for cardio exercise & to have adventures

My additional comments are:

#1 → <sup>\*</sup> However I cannot push the stroller on the paved paths because these 50 year old paths are in such bad & dangerous condition. My husband who is in his late 70's is very scared walking on these path because of the terrible condition & he is getting poorer balance. Fix these ~~paths~~ paths! We need safety

\$500,000.

My vote is to  
postpone  
this at

As a member of the McLaren Park Community, I support the McLaren

minimum by \$200,000

or the full \$500K and give

- Maintaining McLaren Park's natural landscape.
- Enhancing community access and safety into and through McLaren Park.
- Improving McLaren Park's important points of interest.
- Creating diverse opportunities for play.

that to

Vis Valley  
Community Garden

My favorite parts of the plan include:

1. the bathroom @ the group picnic area - long overdue
2. roadway crossing improvements
3. Keeping McLaren wild and balancing it w/ serving diverse community members (ADA access)

My additional comments are:

as  
Add garbage to the plan ~~with~~ a line budget item, as suggested. This key item is too often an after-thought.

At meetings, the idea of installing varmint proof (like in national parks) receptacles was pitched. This is \$ sense, much cheaper than Rec & Park staff (gardeners) picking up trash.
