

Joint Zoo Meeting – July 16, 2020

As of July 9, the San Francisco County Public Health Officer has not yet approved that San Francisco Zoo & Gardens may open to the public. Nevertheless, we are making all necessary adjustments to meet state and local guidelines to open as soon as practicable. (See Cal. Dept. of Public Health Covid-19 Industry Guidance: Museums, Galleries, Zoos, and Aquariums.) Due to the continued closure of the San Francisco Zoo & Gardens, there will not be a Joint Zoo meeting in July 2020.
