

Current Pickleball Proposal

sfrecpark.org/pickleball

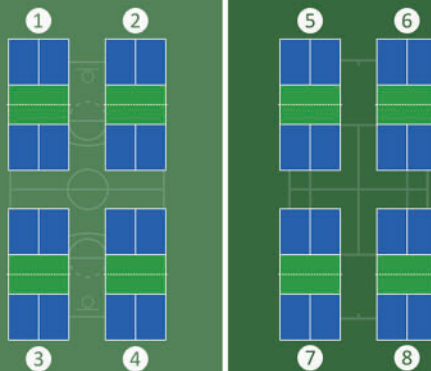

OPTION 1

Convert the two Stern Grove tennis courts to eight pickleball courts. This would eliminate tennis at this site but would provide dedicated pickleball courts. There are tennis courts at other, nearby neighborhood parks.

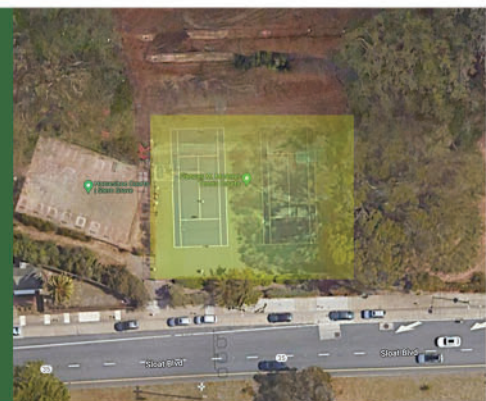

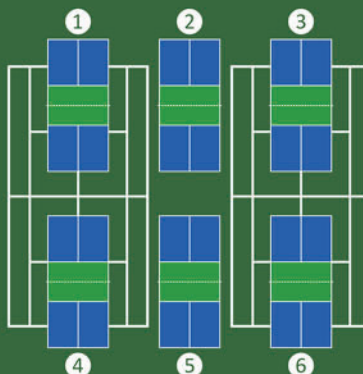

OPTION 2

Convert Larsen Playground's tennis and basketball courts into six to eight pickleball courts. This would eliminate tennis and basketball at Larsen, though there are nearby courts at neighboring parks. Restrooms on site.

OPTION 3

Multi-line courts for both tennis and pickleball at Stern Grove. This would mean that either pickleball or tennis could be played at this site, but pickleball nets would need to be moved into place before games.

OPTION 4

Replace the existing south croquet field at Stern Grove with eight pickleball courts. The project would include a new concrete slab, court surface and perimeter fencing. Nearby restrooms are at Wawona Clubhouse.
