

## Community Opportunity Fund Guidance for Parks that have Playgrounds Prioritized by the Failing Playground Task Force

As part of the 2012 Clean and Safe Neighborhood Parks Bond, funding was allocated for the renovation of failing playgrounds. A Task Force was convened to select playgrounds for prioritization, which resulted in a list of 13 playgrounds, organized into two tiers (see the diagram below, or for more information, read the final report [here](#)). If you are applying for COF funding for a park that contains a playground that was prioritized by the Failing Playgrounds Task Force, please adhere to the following guidelines:

- If the playground has been prioritized in Tier 1, applications will be accepted for COF funding for park features *outside* of the playground (i.e. courts, landscaping, fields, etc.)
- If the playground has been prioritized in Tier 2, applications will be accepted for COF funding for *all* park features including the playground.
