RE: Lake Merced West: Letter of Interest

Ms. Costello,

Lake Merced Rowing ("LMR"), a coalition of rowing interests at Lake Merced representing Pacific Rowing Club, Saint Ignatius College Preparatory, Dolphin Boat Club, San Francisco Rowing Club and South End Rowing Club, desires to be considered an interested party in the development of Lake Merced West. "LMR" constitutes all of the current youth and adult rowing programs on Lake Merced, and with many decades of experience, we are the ideal community partner to help develop this site. "LMR" is interested in partnering with any respondents to the current or future Request for Proposals, and the City and County of San Francisco, in the development of the south end of the Lake Merced West site in the construction of a rowing boathouse and training facility.
