Reply-To: Karen Pierotti [REDACTED]

Hello. We think it will be great to have games at Kezar. We live on 3rd Ave near Irving. There are many events at the park & the stadium all year long. We think it will be great having more soccer games at the stadium.

Subject: Liquor Sales Kezar

Dear Park & Rec,

I'm writing in support of the selling liquor at games at Kezar stadium. Some people in my neighborhood are opposed as they are concerned about what will happen when people leave the game drunk. Frankly, I think this is a red herring because they want to make the events less attractive to customers to keep the neighborhood quieter.

The neighborhood has lots of difficult drug, drinking and violent issues currently (based on my first hand views every day) and I think the stadium should sell liquor and be as accommodating as possible to big events. I believe this legal, controlled activity will help our neighborhood, not make it worse.

Best,
Danielle Conrad

Subject: I support soccer at kezar

Hi parks and rec team,

Long-time upper haight resident here. I want to voice my support for using kezar stadium for professional soccer. I also support liquor sales at kezar. There are already many bars around, so I really don't see a difference in having liquor at kezar vs nearby bars. Especially since this could be a way to reduce ticket costs.

I'm looking forward to walking to kezar to see a soccer game here one day.

Thanks!
Phillip

Subject: Supporting Kezar soccer and alcohol

I am writing to express my support for the potential soccer team and their request to provide alcohol concessions during games.

A formal soccer match is a family oriented activity that will be an excellent amenity to the surrounding neighborhoods, their businesses, not to mention the city at large. Additionally, the use of revenue to support improvements to the kezar complex is a great public private partnership and shows stewardship of an underused resource in the city. Contrary to what others may feel, in the era of limited funding, we need these partnerships to enhance our public facilities.

I did have minor concerns that there may be potential for negative behavior around the game, but I do not these issues are insurmountable. It's likely less an issue than what we see during existing special events at the stadium and nearby park which provide less direct benefit to the neighborhood. It also seems like proactively reaching out to the police, sfmta and others about these plans will help with coordination as plans move ahead. Perhaps a hotline could be used to monitor for egregious acts.

I urge you to allow the team to use the existing field and sell beer wine and liquor.

Todd

Ps...I am an inner sunset stadium neighbor at 1330 10th and Irving.

Sent from my mobile.

Re: Support for the SF Deltas at Kezar Stadium

Dear Parks Commissioners,

There's nothing like getting to see a sport being played professionally. I couldn't be more excited to have the opportunity to watch our team, the San Francisco Deltas, instead of making the drive to San Jose. I was delighted to learn that professional soccer is headed to Kezar Stadium and the fact that the stadium is so centrally located is wonderful.

San Francisco is a great city for fans of other sports, but soccer is the most popular sport in the world and it's time we had a team to call our own. This is a great opportunity, for people of all ages and backgrounds to enjoy an activity together.

Please vote yes on this proposal, including making sure the team has what it needs to survive economically. We'd hate this to be a repeat of earlier efforts when teams like the California Victory came and went.

Thank you for your time.
