

October 13, 2013

Mr. Mark Buell, President  
San Francisco Recreation & Park Commission  
501 Stanyan Street  
San Francisco, CA 94117

Dear President Buell:

I am pleased to hereby request the Commission's acceptance of a cash gift of \$95,000 from The Coca Cola Foundation to expand the Recreation & Park Department's (RPD) Mobile Recreation Program, offered to youth ages 5-17 at recreation centers across the City.

The "mobile" approach enables RPD to avoid the cost barrier of equipping each recreation center independently, and to offer exciting new programming in mountain biking, skateboarding, kayaking, rock climbing, and more, that will benefit many, many more youngsters than would otherwise be the case.

This is yet another example of the SFPA-RPD-partnership in fostering programs that ensure that our City's parks, playgrounds, and recreations centers are clean, safe, and fun for all.

Sincerely,

Matthew O'Grady  
Executive Director
