Tim Figueras is a fierce champion for youth sports in the South of Market, especially Baseball. On June 8, 2017, along with Tim, the Friends of Gene Friend/VMD Park advocated to get a batting cage installed at VMD Park. Tim worked in Soma for more than three decades and was part of the original staff of the Gene Friend Rec Center when it opened in 1990. Tim was raised in San Francisco, attended SF schools, making him an exemplar of home grown leadership. Tim worked hard to encourage youth to participate in sports as an

alternative to the negative behaviors found all around them and to promote health and safety in Soma. Tim fought tirelessly to advocate for funding to ensure that low income youth had access to funds for registration fees and for the equipment needed to play Baseball, even supporting a few youth into professional sports.

Tim deserves this honor and the youth of our community deserve the chance to see a local hero memorialized to inspire them to work hard and make change in their own community!

Tim's work and presence in the SOMA community has been a constant positive thing for this community and this would be a PERFECT way of honoring him!

Tim is an exemplary leader with a commitment to his work and the community. I know him personally through family and found that his reputation extended beyond this connection when one of his past ball player's family came into our baseball league and could not say enough positive things about him. It is plain to see he puts alot of time and effort to make the community better through his work and time spent with youth. Naming these batting cages after Tim would be a fitting acknowledgement of someone who is so well-deserving of this honor.

No matter how humble a gesture, it is powerful and important to have a community leader, elder and everyday s/hero's name on our batting cage-- this is a narrative and moment important to our cultural history and collective memory as a people, and will endure the changes our SoMa... Read more
